

POSTCARD PAL

PACO-LANTERN

PUMPKIN CARVING STENCIL

Make a pumpkin glow with your favorite bird, PACO! Tape the template below to your chosen pumpkin. Then, with help from an adult, transfer the pattern by poking small holes through the dots on the template's design! You can use a wooden skewer, a nail, or any other pointed object. After all the dots are poked through, remove the template. Finally, connect the dots to carve out your Paco-lantern!
